OFFICE OF THE SECRETARY
1000 NAVY PENTAGON
WASHINGTON, D.C. 20350-1000

SECNAVINST 1421.3H
PERS-24
14 May 1997

SECNAV INSTRUCTION 1421.3H

From: Secretary of the Navy
To: All Ships and Stations (less Marine Corps field addressees not having Navy Personnel attached)

Subj: TEMPORARY (SPOT) PROMOTION OF OFFICERS

Ref: (a) 10 U.S.C. § 5721
(b) SECNAVINST 1420.1A
(c) SECNAVINST 1412.8 (NOTAL)

Encl: (1) Secretarial-Designated Billets for the Spot Promotion Program

1. Purpose. To revise policy and procedures for temporary (spot) promotion of certain Navy Lieutenants (LTs) regularly assigned to the operating forces and other activities specifically designated by the Secretary of the Navy (SECNAV) who are serving in, or may be ordered to, billets designated to be held by a lieutenant commander (LCDR), in compliance with reference (a). This instruction is a complete revision and should be read in its entirety.

2. Cancellation. SECNAVINST 1421.3G.

3. Background. Reference (a) authorizes the spot promotion of certain line lieutenants to the grade of LCDR under regulations prescribed by SECNAV, when those officers have a skill in which the Navy is critically short and are serving in a position (billet) designated to be held by a LCDR and requiring the skill possessed by such officers. The spot promotion program was originally initiated to alleviate critical shortages of officers in the operating forces, and to provide a retention incentive for junior officers.

4. Applicability. This instruction applies to line officers, including limited duty officers (LDO), of the Regular Navy and Naval Reserve on the active-duty list, and to Reserve officers on active duty in connection with the Training and Administration of the Reserves (TAR). Spot promotions made under SECNAVINST 1421.3G will remain effective until terminated as provided in this instruction.

14 MAY 1997

5. Policy. SECNAV has determined a critical shortage exists for personnel possessing the engineering skills required to serve in the designated LCDR billets in enclosure (1). This shortage necessitates the spot promotion to LCDR of selected officers of the line who possess such skills and who serve in such positions. Officers will be appointed only after Senate confirmation of the recommendations of a spot promotion selection board convened by SECNAV.

6. Eligibility

a. Designators and Skills. Unrestricted line officers on the active duty list and LDOs in the surface duty and submarine duty designators in the grade of LT, possessing the skills required for LCDR billets as engineer officers, engineering department principal assistants, engineering material officers in afloat units, and other staff engineering billets which directly support fleet engineering readiness, as designated in enclosure (1), are eligible. TAR officers qualified for assignment to billets designated in enclosure (1) are also eligible.

b. Service in Grade. By the date of the selection board, an eligible officer must have served 2 years in grade, computed from his or her date of rank as LT.

c. Billets. To be considered for spot promotion, eligible officers must be serving in, or ordered to, one of the engineering billets specifically listed in enclosure (1).

d. Minimum Period in Qualifying Billets. Eligible officers must have at least 1 year remaining to serve in a qualifying billet following the date of the commanding officer's recommendation for spot promotion, or expected reporting date to the qualifying billet, whichever is later. Officers whose projected rotation date (PRD) precludes eligibility for spot promotion may request PRD adjustment to meet the 1-year requirement. Requests for PRD adjustment, with appropriate endorsements by commanding officers, shall be forwarded to Bureau of Naval Personnel (BUPERS) (PERS-4) for consideration.

(1) This requirement is waived for officers whose names are already on promotion lists as a result of normal selection board action.

(2) A Reserve officer on the active-duty list or a TAR officer whose scheduled release from active duty (RAD) date precludes eligibility for spot promotion may request an extension on active duty to meet the 1-year requirement. The requested extension must be at least 6 months in duration.

14 MAY 1997

e. Recommendation. Otherwise eligible officers must be recommended for spot promotion by their commanding officers per paragraph 7, except as provided in subparagraph 7c.

7. Command Recommendation. Commanding officers are to submit to BUPERS (PERS-4) (Spot Promotion Nomination Board) the names of those eligible officers who in their opinion should be nominated for spot promotions.

a. The recommendation must include comments on the officer's performance potential in the qualifying billet and potential to successfully perform duties required in the grade of LCDR.

b. If the officer desires an adjusted PRD or extended RAD date to establish eligibility for consideration for spot promotion, the recommendation must comment on that request. Such requests for an officer not yet serving in a qualifying billet shall be submitted via the prospective reporting senior.

c. Officers under orders to a qualifying billet whose names appear on a promotion list, but who have not yet been promoted, may be recommended by the Chief of Naval Personnel (CHNAVPERS) to the nomination board for certification that the necessary requirements in paragraph 6 are met.

8. Spot Promotion Nomination Board. CHNAVPERS shall establish a nomination board to determine eligibility for spot promotion. Nomination board action shall be based on CHNAVPERS' records and recommendations of nominating commanding officers as applicable. The nomination board shall certify, for each officer nominated, that:

a. A bona fide requirement for temporary promotion exists within the command, i.e., a LCDR with appropriate qualifications is not available for the qualifying billet;

b. The planned duration of the officer's assignment in the qualifying billet will not be less than the minimum period prescribed in paragraph 6, unless a waiver is permitted under that paragraph;

c. The billet is a Secretarial-designated billet listed in enclosure (1);

d. The officer is eligible for temporary promotion by virtue of present grade and time of service in present grade, as prescribed in paragraph 6; and

14 MAY 1997

e. The officer has been recommended by his or her commanding officer.

9. Spot Promotion Selection Board

a. SECNAV normally will convene a selection board quarterly to consider those officers nominated for consideration by the nomination board. BUPERS (PERS-26) will submit a proposed precept to SECNAV at least 10 days prior to the scheduled convening date.

b. Upon completion of its deliberations, the selection board shall forward its report to SECNAV for approval, via the Deputy CHNAVPERS (DCNP), the Deputy Chief of Naval Operations (Manpower and Personnel) (DCNO(MP)), and the Judge Advocate General of the Navy for legal review. Following approval, SECNAV will then route the list of names to the Senate for confirmation.

c. In conjunction with the report of the last board of each fiscal year, the DCNO(MP) will provide SECNAV with summary data comparing the strength to the authorization of LCDRs with the skills required for the billets designated in enclosure (1). The report will include recommendations based on that data, for any changes to the specialties designated in paragraphs 4 and 5 of this instruction, or to the billets listed in enclosure (1).

10. Spot Appointment. Officers selected for spot promotion will be appointed in the temporary grade of LCDR effective on the date they report to a qualifying billet or the date of Senate confirmation of the appointment, whichever is later. Spot appointments will terminate as provided in paragraph 11.

a. Retroactive appointments and back pay are not authorized.

b. Officers selected for spot promotion, but not yet serving in a qualifying billet, are not eligible for frocking.

11. Termination of Appointments

a. Temporary appointments will terminate upon:

(1) an officer's promotion to the permanent grade of LCDR;

(2) a modification of orders which terminates eligibility;

(3) commencement of processing for RAD;

14 MAY 1997

(4) the date an officer detaches from a qualifying billet, unless the officer is on a promotion list to the permanent grade of LCDR, in which case the appointment terminates on the date the officer is promoted to LCDR.

b. Upon termination, officers will revert to the highest permanent or temporary grade held prior to appointment, except for officers whose termination is the result of a permanent promotion.

12. Status of Spot-Promoted Officers. Because spot-promoted officers serve concurrently in their lower and temporary higher grades, spot promotions will not influence the officers' eligibility for selection under the normal promotion selection process under reference (b) or (c). In addition, an active-duty list officer's permanent grade and position on the active-duty list of the Navy is not changed by a spot promotion. A TAR officer's permanent grade and position on the Reserve active status list is not changed by a spot promotion.

a. Date of Rank. The date of rank and effective date for entitlement to pay and allowances of the temporary grade of LCDR will be stated in the officer's appointment. The date of rank assigned will be the date the Senate confirms the initial spot appointment, or the date the nominee reports into a qualifying billet, whichever is later.

b. Delivery and Acceptance. BUPERS (PERS-26) will forward, via the commanding officer, individual temporary appointments.

(1) Each spot appointment is considered accepted by the appointee, unless it is expressly declined.

(2) Officers selected for promotion who elect to decline the temporary appointment shall so state in writing, in which case the appointment authority terminates. The commanding officer shall forward the original of the officer's declination to BUPERS (PERS-26).

13. Entitlement. Officers spot-promoted will be entitled to the pay and allowances of the grade of LCDR from the date specified in the appointment, and while so serving until the appointment is terminated as provided in paragraph 11. Commanding officers shall advise BUPERS (PERS-4, appropriate detailers) and disbursing officers of the effective date of termination of appointment and reversion, as described in paragraph 11. PERS-4 will notify PERS-261 of each reversion. Orders detaching an officer will indicate the pay grade on which permanent change of station (PCS) entitlement will be based.

SECNAVINST 1421.3H

14 MAY 1997

14. Responsibility. Deputy Chief of Naval Operations (Manpower and Personnel), under the Chief of Naval Operations, is responsible for implementing the Temporary Spot Promotion Program under this instruction. He/She shall make timely submission of selection board precepts to SECNAV. He/She may recommend, with supporting justification, changes to the list of critical skills and qualifying billets as necessary to meet the requirements of paragraph 5.

15. Reports. The reports required in subparagraphs 9b and 9c are exempt from reports control by SECNAVINST 5214.2B.
